To Our Subscribers.

We find after a few months experience that it is impossible to collect the small amount due us for the Daily in the city, with the rugularity that should attend that department, without more time and attention than we can well afford to bestow upon it. In the future we will be governed by the cash in advance principle, and by that "vigorous policy" hope to render profitable, that which up to the present time has been a burden. From this date no paper will be delivered from this office unless paid for in advance. When the time paid for expires, the paper will be discontinued, unless renewed in time to prevent it. Our Agent cannot afford to call on any one three or four times for the paltry sum of twenty cents, and then perhaps not get it. All subscribers in arrears will please pay the route agent on application.
